J. Manish Reddy (B240200CS)

1. Introduction

MUSCLE UP is a web-based gym management system. There are three types of users — Members, Trainers, and Admins — each with their own dashboard and features. This manual covers everything you need to know to use the app confidently.

2. Getting Started

Creating an Account

- Open the app in your browser and click "Start Your Journey" on the home page.
- Click "Don't have an account? Register" at the bottom of the login screen.
- Fill in your Full Name, Phone Number, and Date of Birth.
- Enter your Email Address and a Password.
- Click "Create Account" — you'll be taken to your dashboard automatically.

Signing In

- Click "Start Your Journey" or the Sign In button in the top menu.
- Enter your Email and Password, then click "Sign In".

Signing Out

Click "Logout" in the top navigation bar. You'll be returned to the home page.

> **Note:** If you see a red error message while registering, make sure all fields are filled and your email isn't already registered.

3. Home Page

Before logging in, you can browse the gym's available fitness programmes — Strength & Conditioning, HIIT Burn, and Yoga & Flexibility. Click any programme card to read its full description, duration, and difficulty level. Click "Join MUSCLE UP to Enrol" to go to the sign-in page.

4. Member Guide

Dashboard Overview

After logging in, you'll see four stat cards at the top:

Stat	What it means
Total Sessions	All training sessions booked for you
Upcoming	Sessions scheduled from today onwards
Active Hrs	Total workout time logged by your trainer
Streak	Whether your training is currently active

Viewing Workout Plans

Scroll to "Assigned Workout Plans" on your dashboard. Each card shows the plan your trainer created for you (e.g. "3x10 Squats, 4x8 Bench Press"). If nothing shows, your trainer hasn't assigned one yet.

Viewing Your Progress

Scroll to "Fitness Progress". Each entry shows your weight (kg), reps, workout time (mins), and the date it was recorded. Entries are newest first.

Booking a Session

- Click "Book New Session" on your dashboard, or go to Schedule in the top menu.
- Click the "Book Session" button (top right).
- Enter the date and time, then click "Save Schedule".

Rescheduling a Session

- Go to the Schedule page.
- Find the session and click "Reschedule".
- Update the date/time and click "Update Schedule".

Enrolling in a Programme

Scroll to "Available Programmes" on your dashboard. Find the programme you want and click the red "Enrol Now" button. You'll get a confirmation message.

Membership Details

At the bottom-right of your dashboard you'll see your membership status (Active/Inactive) and your join date.

5. Trainer Guide

Dashboard Overview

Your Trainer Portal shows three summary cards at the top:

Stat	What it means
Total Sessions	All sessions you've scheduled
Sessions Today	How many clients you're training today
Plans Created	Total workout plans you've assigned

Today's Schedule

The "Today's Schedule" panel lists all sessions for today in time order, showing the member's name and session type. Click "Start" to mark a session as begun.

Creating a Workout Plan

- In the "Workout Plans" section, click the red "Create" button.
- Select the member from the dropdown.
- Type the workout description (e.g. "3x10 Squats, 20 min cardio").
- Click "Assign Plan" — it's immediately visible on the member's dashboard.

Recording Member Progress

- In "Member Progress", click the red "Record" button.
- Select the member from the dropdown.
- Enter their Weight (kg), Reps, and Workout Time (minutes).
- Click "Save Progress" — it shows up on their dashboard instantly.

Managing Sessions

Go to the Schedule page from the top menu to add or reschedule sessions. You'll see each session's member name, date, and time. Add a new one with "Book Session" (top right).

6. Admin Guide

Dashboard Overview

You land on the Overview tab with four summary cards:

Stat	What it means
Total Users	All registered users across all roles
Active Trainers	Number of users with the Trainer role
Equipment Issues	Equipment currently marked as Maintenance
Reports Generated	Total system reports created

Managing Users (Users Tab)

To add a user:

- Click "Add User" (top right).
- Fill in Name, Email, Phone, and Date of Birth.
- Fill in Password.
- Select their Role — Member, Trainer, or Admin.
- If Trainer, enter their Specialization (e.g. "Yoga").
- Click "Save User".

To remove a user: Click the trash icon on their row. This is permanent and cannot be undone.

Managing Equipment (Equipment Tab)

To add equipment: Click "Add Equipment", enter the name, choose a status, and click "Save Equipment".

Equipment can have three statuses:

Status	Meaning
Available	Free and ready to use
In Use	Currently being used
Maintenance	Under repair / unavailable

To update a status, click the status badge on any equipment row and choose the new status. To remove equipment, click the trash icon.

Managing Programmes (Programmes Tab)

- Click "Add Programme".

- Enter the programme name and capacity (max participants).
- Click "Save Programme" — it immediately appears on member dashboards.

Reports (Reports Tab)

Click "Generate Report" to create a new system report (types: Usage, Maintenance, Financial, Progress). Click "Download" on any report to save it as a text file to your computer.

7. Editing Your Profile

All users can update their personal information:

- Click "Profile" in the top navigation bar.
- Click "Edit Profile" (top right of the profile card).
- Update your Name, Email, Phone, or Date of Birth.
- Click the red "Save" button to confirm, or X to cancel.

> **Note:** Your role and trainer specialization cannot be changed by yourself — contact your administrator.

8. Troubleshooting

Problem	Fix
Can't log in	Check your email and password are correct. Passwords are case-sensitive. Contact your admin if you've forgotten your password.
"Invalid credentials" error	Make sure you're using the exact email you registered with. No extra spaces.
Error when registering	The email may already be in use — try signing in instead.
Dashboard shows no data	Workout plans and progress are added by your trainer. Ask them to log in and add your data.
Booked session not showing	Refresh the page. Sessions are sorted by date — scroll down to check.
Page loading slowly	Check your internet connection, then refresh the browser.

9. Glossary

Term	Meaning
Member	A gym user who attends sessions and follows workout plans
Trainer	A fitness professional who creates plans and records progress
Admin	A gym manager with full system access
Session	A booked training appointment between a member and trainer
Workout Plan	A training programme assigned by a trainer to a member
Progress Entry	Stats (weight, reps, time) logged after a session
Programme	A structured fitness course members can enrol in
Equipment Status	Current availability of a gym machine or equipment
Report	An auto-generated system summary, downloadable as a text file
Dashboard	The main screen after login — your personalised overview
